(1) The percentages listed for each state's share of program funding are based on program dollars for the states only and thus will differ slightly from shares calculated based on total program funding for the states, Indian Tribes, Puerto Rico, and the territories.

(2) U.S. totals do not include amounts for Indian Tribes, Puerto Rico, or the territories, which account for about 3.05 percent of the total appropriations. The totals include 604(b) funds for water management planning. U.S. total for the \$1.06 billion level assumes a \$1.1 billion appropriation and an across the board reduction in federal spending overall of 0.83%, for a total of \$1.09 billion
